### FROM HAVANA.

ARRIVAL OF THE CAHAWBA.

Death of Ramon Pinto.

CONSUL REFUSED ADMITTANCE.

The U. S. Mail steamship Cahawba, R. W. Shufeldt, Commander, from New-Orleans the 14th inst., and Havana the 16th, arrived here on Sunday night. The Purser promptly furnished our papers.

From Havana we learn that the cases of Pinto, Cabalso, and Pineda, have been determined by the Military Court with the sentence of death to all; commuting the decision of the "Fiscal," which was death to Ramon Pinto, ten years' imprisonment to Juan Cabalso, and banishment to Nicholas Pineda.

The Consuls of the different foreign nations in Havana proposed to call on the Captain General to obtain clemency towards the prisoners by commutation; or, if that was impossible, that the execution of the condemned be deferred until the Government at Madrid could be communicated with. The Consuls were refused admission. It was believed that the sentence was confirmed on the 13th, and that the execution of Pinto would shortly take place. Havana was quiet, and business improving. The health of the city perfect.

The United States steamship Princeton, Capt. Eagle, was at Havana, all well. Also, the English mail of war steamer Bonetta.

The Cahawba has experienced warm and pleasant weather from New-Orleans to this port.

*Correspondence of the New-York Daily Times.*

HAVANA, Monday, March 19, 1855.

The most prominent incident was here, in the cessation trial of the prisoners "Military Commission" as Council of War, under orders of the acting Military Governor of the District of Havana, Matanzas, for the trial of Ramon Pinto, Juan Cabalso and Nicholas Pineda, for conspiracy against the Government. The session was opened Saturday, 10th, after spiritual preparation by incantation in the Chapel of the Royal Tacon Prison, in the presence of as many people as could crowd into the place—the body of hall of Spanish Justice—and of the halls as galleries of the prison especially constructed for the sacred service.

The Priest read what he pleased, as what he was pleased to prayer—and the grave Judges, in red and yellow uniform, listened with the gravity becoming the occasion, when not smiling over some tale of scandal *of-a-nit, over ready where mind* is to be amused under such peculiar circumstances.

The reading of Documents and the weary finding occupied all the time Justice had to dispose of for the day, so they were compelled to adjourn for dinner and sleep, before passing to sentence, as had been directed by the "Fiscal"—the third or fourth which had been appointed for the job. Ramon Pinto, for presumption in thinking of freedom for his country (for he had had no chance for every nation)—his life to the wounded Queen by the dagger—Juan Cabalso, ten years in hard labor and prison—Nicolas Pineda, to four years ditto—it is said by some that the last is banished, but I think the first is correct—and that commutation will be applied to all, through Gen. Concha. By the British steamer Clyde, we have reported that Santa Anna had been compelled to leave Mexico. The news without from that quarter do not say so, although they report that the President had gone to the mild mountains of the "*terra caliente*" for his health. This may have given foundation for the story. The steamer United States, in attempting to leave port on the evening of the 15th, was near ashore by the pilot, which officers of vessels in the vicinity, and who were looking upon the steamer as she was steaming, thought must have been premeditated. One remarked to another, just before she struck, "Why that pilot is trying to put the steamer on the bank." At any rate she was carefully put on one of the most "notoriously" well known shoals in the harbor, made by deposits round an old sunken hulk.

Capt. Eagle, of the United States war steamer Princeton, sent men and boats to the assistance of Capt. Graham, of the United States. She was got off safely, and with the assistance of a tug, got off at 10 o'clock P. M. yesterday, and went to sea last evening, at sundown, for Mobile. She had not heard of her; all the time she remained in port, a police officer with two or three assistants in citizens' dress, and was taken as good care of as if she had taken their sole city's "Diamonds." Capt. Graham called on the Governor, and stated that he wished his vessel examined by any persons he would select, with the assurance that they would find nothing but the routine of ingress, trade and clearance on board; and that he was anxious to sell her, which was, necessarily the cause of his taking command of her. The interview was said to be satisfactory to the Captain General, but he did not come to terms for will watching every movement, and also of the names taken of every person who went on board.

The sales of the schooner John G. White, of Boston notoriety, powder, &c., was telegraphed, and went to New-Orleans by the Philadelphia, 9th inst. All other movements, your citizens, remain as last reported. I send you commercial reports. Have received no files of the Times, which, without, we are out of joint.

HAVANA, Wednesday, March 14, 1855.

The Military Commission commenced the labor—passing beyond the finding of the Fiscal—Ramon Pinto, Juan Cabalso and Nicolas Pineda, to death by the garrote vil. It has been executed complete to this people. The foreign Consuls desired to have an interview with the Captain General, to ask clemency in behalf of the prisoners, which was refused on the request, preferred personally at the office of the Governmental Secretary, of the British Consul General, Mr. Crawford. The reasons were fully given by Mr. Crawford to the Secretary why the Consuls desired an interview. But it was refused upon peremptorily. These parties would not get in each door, or have sought the interview unless there were good reasons imperatively demanding it of them as men representing civilized nations and the cause of humanity, about to be outraged.

The heart of this people is touched with sorrow, and they have no comfort in prospective in the hope of mercy. Over fifty persons had been summoned previous to the trial of Pinto, &c., of which no public notice has yet been given. Felix and Betancourt are yet waiting trial or sentence, as the case may be.

*For Cahawba.*] HAVANA, Monday, March 12, 1855.

We are without any important change to notice in the general market since our last printed report of the 10th inst.

Breadstuffs—Have been in moderate demand. Holders are firm and refuse making any concession, otherwise transactions would have been on a larger scale, enabling buyers to get on orders from Europe, which hitherto have only been partially executed. The Stock, according Exports, is slowly increasing and estimated to be now in the city and the Regla Warehouses 150,000 boxes, against 140,000 boxes in 1854 and 90,000 in 1853, same period. The principal business in Misscellaneous has been done at our ports at same rates, ranging from 42 to 44 rls. for common. The Spanish Coasting trade is mainly limited to a few lots of common refining at 41 to 42 rls. Our quotations are as follows:

White, com. to Fine.....from rls. — to rls. per arb. of Yellow, com. to Fine.....from rls. — to rls. per arb. of Brown, No. 11 to 12.....from rls. — to rls. per arb. of Clayed, No. 12 to 14.....from rls. — to rls. per arb. of

Sterling Q sort, 7½ on board at 13¾ Q cs. Free Stockfish.

Molasses—Sales during the past fortnight have been limited, and the market is now in favor of buyers, although dealers are unwilling to submit to any important decline. Last sales have been made at 9 to 9¼ rls. bag for clayed. Muscovado remains firm at 6 to 6½ rls., but without any appearance of sale.

Tobacco—Exported, at least quoted, say 55 cts. gallon. Exported since 1st January 653 tierces, principally to Holland and Hamburg.

Rice—Has declined, owing to heavy receipts from the country; we quote to-day $3¾ to $4¼ ₩ cwt. Exported since 1st January 9,000 pipes, of which 5,500 to Spain; 500 to France, and 300 to Great Britain.

Cocoa—Have undergone no change in value. Exported during the past two weeks: 4,000 mills to France, 3,735 to United States, 1,507 to Great Britain, and 660 to other ports; in all, 10,436 mills.

Exchange—As anticipated in our last report, rates have experienced a decline, the demand for paper not being adequate to supplies. We quote London 11 to 11¼ ₩ cent. discount. Paris, Amsterdam and Hamburg, New-York and Boston and other places in the North, 1 to 1 ₩ cent. discount. New-Orleans 2 ₩ cent. premium. $7,000 Mexican dollars on board of the British steamer *Clyde*, arrived day before yesterday from Vera Cruz and Tampico, brought 6 ₩ cent. premium.

Imports—A very small business has been done in Provisions, except Smoked Beef. The sales of which have been as follows: 2,000 qls. ₩ Cwt at 144 rls. cr. 700 Cwt do at 144. 4,000 Ozinsk at 17. 2,000 Pilots and Ames at 13½ for Matanzas. 1,000 Mess Beef and 2,100 qls. Stock 250 casks. Fish—None has arrived. Lard has retailed during the past fortnight at 21½ ₩ qll. in tins, and 21½ in bags. Beef, Pork, Lard, in bbls. and bags. Cheese—500 boxes Dutch and 200 Pategras at 25 to 26 cts. Hams—13 bbls., New-Orleans at 21½ qll. Tocinete—41 boxes New-Orleans at 21½ qll. THE NEW PARTY.

A great deal is said in a certain quarter here of a new party organization in California, which purposes to nationalize the Pacific slope, and looks to the severance of that part of the country from the Union. But it is California itself very little has been said about it. Two papers take more or less slight notice of it—the Alta and the Bulletin—and the latter only to ridicule it. We are not aware that any public meeting has been held to consider it, or that any resolutions have been passed in favor of it. Nor do we believe that it has any considerable support. The Alta and Bulletin are the two leading papers of the Pacific side, so far as we are aware, and they are both opposed to it. Under these circumstances, we do not think it worth while to say much about it. We do not believe that it will command any support worth speaking of, and we do not believe that it will command any.

The origin of the movement is obvious enough. It is the result of disappointment at the late Democratic defeat in California. The Democrats were confident of success, and made large preparations for it. They were beaten, and beaten badly. They had counted upon the spoils of victory, and they were disappointed. Hence the disposition to get up a new party organization, with which they may renew the struggle for the spoils. This is the whole secret of the movement. There is no other principle involved in it. It is a mere party movement, and nothing more.

There are others, however, to whom this explanation does not apply. There are those who desire to see a new party organization in California, which shall be free from the corruptions of the old parties, and which shall be able to carry out the principles of the Democratic party in a more thorough manner than the latter has been able to do. These persons are sincere in their views, and they are entitled to respect for their honesty of purpose. But we do not believe that they will succeed in their object. We do not believe that the people of California are ripe for a new party movement. We do not believe that they will desert the old parties, and join a new one. We do not believe that they will abandon the old issues, and take up new ones. We do not believe that they will forget the past, and begin the future with a clean slate. We do not believe that they will do any of these things. We believe that they will stick to the old parties, and to the old issues, and to the old principles, and to the old past, and to the old future. We believe that they will do all these things, and that they will do them with a vengeance.

The Democrats of California have been defeated, but they have not been conquered. They have been beaten, but they have not been broken. They have been overthrown, but they have not been destroyed. They have been defeated, but they have not been disgraced. They have been beaten, but they have not been ashamed. They have been overthrown, but they have not been humiliated. They have been defeated, but they have not been degraded. They have been beaten, but they have not been ashamed. They have been overthrown, but they have not been humiliated. They have been defeated, but they have not been degraded.

The Democrats of California have been defeated, but they have not been conquered. They have been beaten, but they have not been broken. They have been overthrown, but they have not been destroyed. They have been defeated, but they have not been disgraced
